

SUPERFACTS

Getting faster online in Surrey

As the Superfast Surrey project rolls out fibre broadband across the more remote and rural areas of Surrey, an increasing number of people will be able to go faster online

Estimated economic benefit of the Superfast Surrey programme per year

£30 million⁴

80,000+

Additional homes and businesses should be able to access broadband speeds in excess of 15Mbps

Programme due to complete end of 2014

£35 million programme funded by Surrey County Council (£20 million)
BT (£13.9 million)
Broadband Delivery UK (£1.3 million)
