

February 2017 - Superfast Surrey - Gainshare Deployment Postcodes

It MUST be noted that the status of any Gainshare deployment postcode in this spreadsheet may change after BT have undertaken detailed planning and design.

It should also be noted that due to contractual arrangements involving coverage and speed targets for the Gainshare deployment, information relating to individual postcodes is limited to whether some or all eligible premises in a postcode are anticipated to benefit from the Gainshare deployment. Neither SCC nor BT will confirm how many premises or which specific premises in each postcode will benefit until after the Gainshare deployment has taken place.

This Gainshare deployment spreadsheet details which postcodes are anticipated to benefit from additional deployment and whether **some** or **all** of the eligible premises in a postcode are anticipated to be upgraded.

It also references the timeframes (Phase 1 - between January and end of September 2018) and/or (Phase 2 - between January and end of March 2019) when it is anticipated that residents and businesses will be able to order a fibre service.

DELIVERY CLASSIFICATION
<i>This spreadsheet lists all postcodes that are anticipated to benefit from some Gainshare deployment</i>
Phase 1 – It is anticipated that there will be Gainshare deployment to all eligible premises in this postcode by the end of September 2018
Phase 2 – It is anticipated that there will be Gainshare deployment to all eligible premises in this postcode by the end of March 2019
Phase 1, No Build - it is anticipated that there will be some Gainshare deployment to premises in this postcode by the end of September 2018 but not all eligible premises in this postcode will be upgraded
Phase 2, No Build – it is anticipated that there will be some Gainshare deployment to premises in this postcode by the end of March 2019 but not all eligible premises in this postcode will be upgraded
Phase 1, Phase 2, No Build – it is anticipated that there will be some Gainshare deployment to premises in this postcode by the end of September 2018 and some additional deployment by the end of March 2019 but not all eligible premises in this postcode will be upgraded.
